Google ChromeCast (*REQUIRES WiFi*)	35	https://www.google.com/chromecast/tv/chromecast/
TOTAL	985~1000	Add \$ to projector if in the budget
Wireless Microphones	2-300	Optional *

This system will integrate with existing Yamaha StagePass 300 Audio system. It lacks a video source beyond the Chromecast (which requires WiFi) but will connect to any modern computer or Video Source. The optional Wireless Microphones would be a nice addition to the setup and reduce the cabling between the equipment and the other podium.
